

Transforming AR Departments to Drive Efficiency and Cash Flow

Make it easy for
customers to know what
they owe you.

Let them pay you the
way they want.

Resolve issues that
hold up payment.

Fully integrated payments and accounts
receivable suite:

- ➔ Reducing time spent manually managing
receivables by over **50%**.
- ➔ Increasing speed of payments by **25%**.
- ➔ Reducing past due invoices by **30%**.
- ➔ Reducing DSO by **20%**.

Our automated solutions help you accelerate
cash conversion, minimise time-consuming
manual processes, and gain visibility into the
real-time status of your accounts receivable.

*“Since implementing Versapay, we can see our
collections effort get better and better each
month. It's now become a one-stop shop for our
customers and as a result, we are realizing better
cash flow from it.”*

*John Rebescher, Director of Credit
Gemaire Distributors*

INTEGRATED PAYMENTS.

Let customers pay you the way they want
with digital payments, reconciling
automatically with your ERP.

RETAIL SOLUTIONS.

Accept payments from a variety of
channels with solutions for e-commerce
and point-of-sale.

INVOICING.

Deliver invoices and statements the way
your customers want to receive them.
Know exactly if and when a customer
opened your invoice.

COLLECTIONS.

Automate the workflows reminding your
customers when to pay and easily resolve
potential issues holding up payment.

CASH APPLICATION.

Automatically capture and sync remittance
information and reconcile it with your open
AR.
